THE NATURE CONSERVANCY DUNN RANCH PRAIRIE PRESERVE

The Nature Conservancy, a non-profit corporation organized under the laws of the District of Columbia ("**Conservancy"**) hereby grants this Permit to _____("**Hunter**") whose address is_____ _____to hunt for pheasant on the Conservancy's Dunn Ranch Prairie Preserve within the areas described on the attached **Exhibit A** ("**Property**"), during the 2026 season in accordance with the terms and conditions contained in this Permit.

In consideration for the right to enter and hunt on the Property, the Hunter agrees to abide by the terms and conditions of this Permit and to release and indemnify the Conservancy from liability as provided below. The permit is personal to the Hunter and may not be used by or assigned to any other individual.

The Hunter may allow no more than one minor child to accompany Hunter onto the Property. The child must be at least 12 years old, must have completed a course in hunting safety approved by the State of Missouri and must have all licenses and permits required by law. The Hunter is fully responsibility for the child, shall keep the child within sight and reach, and shall directly supervise the child at all times while on the Property. The Hunter must identify the child and deliver a Hunter's Permit and Release of Liability signed by the child's parent or legal guardian before the child enters the Property.

The Hunter shall comply with all state and local laws and ordinances governing his activities, including obtaining any government licenses or permits required. Hunting may take place only within the authorized hunting seasons specified by state and local law.

The Hunter shall abide by the following rules when using Conservancy property:

1. No shooting is allowed across roads. Unnecessary shooting or shooting at targets is prohibited.
2. No hunting is allowed within a 200-yard radius of any inhabited dwelling.
3. No trapping or snaring is allowed.
4. Alcoholic beverages are prohibited on the Property.
5. Camping, smoking, and fires are prohibited on the Property.
6. There shall be no cutting, breaking, or clearing of vegetation.
7. Access to the Property must be along the existing road. There shall be no off-road vehicle use.
8. There shall be no dumping of ashes, trash, garbage (including plastic flagging), chemical waste or other unsightly or offensive material on the Property.
9. Only pheasant may be hunted, and all hunting must be done in the designated areas (Exhibit A).
10. All local, state, and federal laws applying to the hunting activity must be observed.

The Hunter shall exercise the highest degree of care in the conduct of the activities permitted pursuant to this License, so as to avoid the risk of personal injury or property damage. The Hunter may be accompanied by no more than one non-hunting guest while hunting on the Preserve.

The Hunter acknowledges that hunting is inherently dangerous and that Hunter is aware of the risk and dangers involved in the hunting activities, which include, but are not limited to, injuries resulting from the use of firearms, accidents or illnesses occurring in remote places without medical facilities, dangers caused by other hunters and preserve visitors, and dangers resulting from natural and man-made conditions in the hunting area. The Conservancy makes no warranty, express or implied, regarding the condition of the Property, its suitability for hunting, or the conditions that Hunter may encounter on the Property. The Conservancy shall have no obligation to maintain, repair, or improve the Property or to supervise, monitor or regulate activities on the Property. The Hunter hereby assumes all responsibility for any injury to persons or damages to property which occur in connection with the Hunter's and any accompanying minor child's use of the Property pursuant to this Permit.

Waiver, Release, and Indemnification: The Hunter, for himself/herself, his/her heirs, successors and assigns, hereby agrees to forever release, defend, protect, indemnify and hold the Conservancy, its officers, directors, employees and agents, harmless from any and all claims, liabilities, demands, causes of action, losses, damages, costs, and expenses, including attorney's fees, and judgments of any kind whatsoever, relating to any accident, incident or occurrence, arising out of, incidental to or in any way incurred in connection with the Hunter's and any accompanying minor child's activities or presence on the Property, or resulting from the use of property or any improvements situated thereon by Hunter and any accompanying minor child, regardless of

whether the claim of liability is asserted in negligence, breach of warranty, strict liability in tort, or other theory of recovery. The release and indemnities provided for in this Permit shall survive the termination of the Permit.

The Hunter acknowledges that this permit is non-exclusive and that the Conservancy may issue similar permits to other hunters. The Conservancy reserves the right to full use of the Property and surrounding Preserve. Activities of the Conservancy and its guests shall take precedence over the Hunter's rights under this permit, and the Hunter agrees to comply with any restrictions specified by the Conservancy to accommodate these activities. The Hunter acknowledges that the Conservancy may revoke this permit at any time. If the Conservancy provides the Hunter with oral or written notice of revocation, the Hunter shall immediately cease all hunting activity on the Property and shall return this permit to the Conservancy.

This permit is not valid until it has been signed and dated by the Hunter and the Conservancy. This permit, signed by both parties, for every Hunter in the party must be placed on the dashboard of their vehicle at all times when engaging in hunting activities on the Property.

By signing this permit, the Hunter certifies that he/she is at least 18 years of age and that he/she has read and fully understands the Permit and the significance of the agreements that have been made.
