

The Nature Conservancy (TNC) and Peek Kids have teamed up to help protect and restore nature for our kids and grandkids. Peek Kids donated \$10,000 in 2021 to help support nature with TNC.

Frozen Sun Catcher Activity

For this activity, you'll need:

- Nature's treasures (twigs, leaves, berries, pine cones, feathers, etc.)
- Container to freeze water in
- Water
- Hanging string (twine, yarn, ribbon)
- Drill (optional)
- Freezer space or freezing temperatures

Directions:

1. Spend a few hours outside gathering up some nature treasures such as twigs, leaves, berries, pinecones and more.
2. Put all the items into a container and add a few inches of water.
3. Leave the container outside (or pop into the freezer!) to freeze overnight.
4. Once frozen, pry the ice disk out of the container. Use your drill (optional) to make a hanging hole.
5. Hang your ice sun catcher in a spot where you can enjoy it sparkling in the sun.
