

WE'RE LAND AND A LOT MORE

Celebrating 40 Years of Conservation in Tennessee

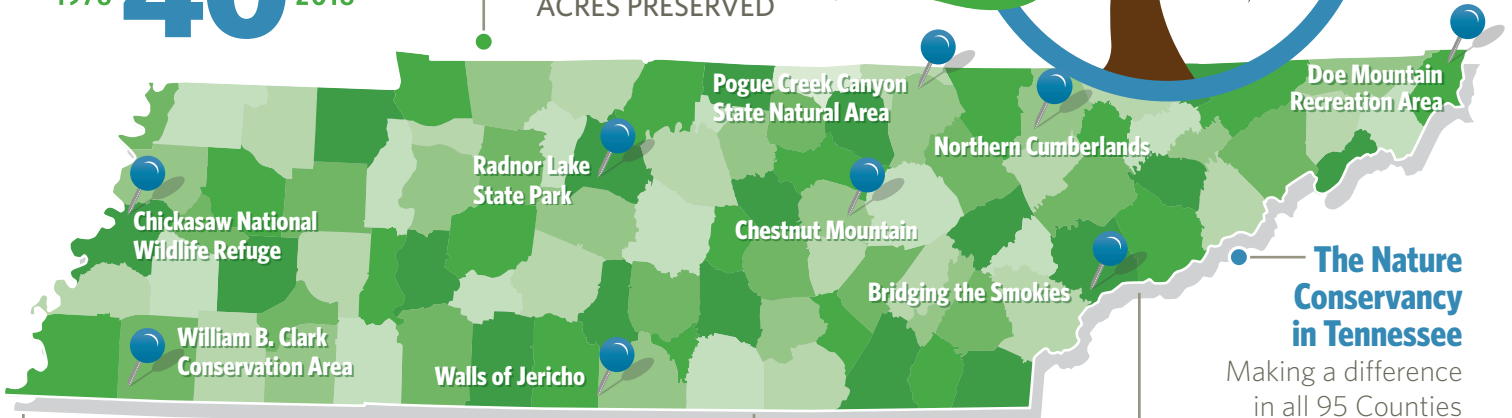

46 —
Public lands in Tennessee created or expanded by The Nature Conservancy

386,000
ACRES PRESERVED

13 State Wildlife Management Areas

3 National Wildlife Refuges

30 State Natural Areas

The Nature Conservancy in Tennessee

Making a difference in all 95 Counties

WILDLIFE

We co-authored the State Wildlife Action Plan the state's blueprint for wildlife conservation

WATER

We have helped protect and restore water quality and natural habitats in over 30 rivers.

PARTNERS

We collaborate with the government, academia, landowners, businesses, non-profits, and over 14,000 households who are members.

CAVES

With more caves than any other state—over 10,000—we have become a national leader in bat conservation.

Visit a Conservancy preserve and get back into nature. Commune with nature at a Conservancy preserve near you.
